[samira.yusifova@gmail.com](mailto:samira.yusifova@gmail.com) | (912) 308-8409 | Duluth, GA | <https://github.com/tiamatt>

I'm a Full Stack Developer with four years of experience in the full software development lifecycle – from concepts and requirements to deployment and support of web applications primarily using C#, .NET and MS SQL. Back in summer 2017 I became interested in Angular and fell in love with the great framework. I'm self-motivated and extremely passionate about web development in all its forms. Highly adaptable in quickly changing technical environments with strong organizational and analytical skills.

## SUMMARY:

- Comfortable building responsive web applications with ASP.NET and Angular
- Experience working with and developing RESTful APIs
- Able to write efficient SQL queries and design schemas for relational databases
- Focus on readability, maintainability, and scalability when writing code
- Managing and supporting multiple projects
- Microsoft Certification Exam 98-361: Software Development Fundamentals
- Master Degree in Economics, Umeå University, Sweden
- Self-started with enthusiastic willingness to acquire new knowledge and skills

## LATEST ANGULAR PROJECTS:

- **Portfolio** web app is my developer portfolio page. As I'm working in a corporate environment and can't share my internal projects, here I'm presenting some of my hobby apps <https://tiamatt.github.io/Portfolio/>
- **PapaJohnsClone** web app is a light version of papajohns.com built with Angular and ASP.NET Core Web API. User can view items by categories, add selected items to shopping cart, customize pizza and redirect to shopping cart <https://tiamatt.github.io/PapaJohnsClone/>

## TECHNICAL SKILLS:

<i>Angular:</i>	Angular (2, 4, 5), TypeScript, Angular CLI, Jasmine
<i>.NET:</i>	.NET (Core 2.0, Framework 4.5), C#, ASP.NET Web API (RESTful web services), ASP.NET MVC 5, ASP.NET Web Forms, Entity Framework, ADO.NET, LINQ
<i>Other web tech:</i>	JavaScript (ES5 & ES6), HTML5, CSS3, Bootstrap, jQuery, React (basics), AJAX, JSON, XML
<i>Databases:</i>	MS SQL Server, MySQL, Firebase
<i>Source control:</i>	Team Foundation Server (TFS), Git/GitHub
<i>IDEs:</i>	Visual Studio, Visual Studio Code with extensions

## WORK EXPERIENCE:

### **Software Engineer at Assurant**

Sep 2015 - present, Duluth, GA

- Developed multiple web app from scratch such as PTAdmin app that handles authorization of users/teams for a number of corporate desktop and web apps; LossDraft app that provides reports of insurance claims, etc.
- Provided users with quality production support and customer service. Resolved production issues in a timely manner.

- Maintained a web app for insurance auditing that permits auditors to evaluate customer service. Fully supported backend, frontend and SQL Server database in dev, model and production environments.
- Developed multiple desktop applications that generate and email business reports and fill database tables with data on daily basis.

#### ***.NET developer at Romantic LLC***

Dec 2013 – June 2015, Baku, Azerbaijan

- Developed Romantic Analytics web app from scratch with ASP.NET Web Forms. Presented all kinds of business reports. Applied customized access control for the application based on users' privileges.
- Developed Win Forms apps with CRUD functionality and sales indices calculation.
- Followed various development processes under the guidance of the architecture staff.
- Worked with SQL Server databases: extracted, transformed and manipulated various types of data.
- Developed console apps that generated and emailed corporate reports daily.

#### ***Business analyst at Romantic LLC***

Sept 2012 – Dec 2013, Baku, Azerbaijan

- Built, tested and maintained database queries, stored procedures, functions and views with MS SQL Server.
- Created OLAP cubes and designed MDX queries with SQL Server Analysis Services (SSAS).
- Built data mining models with SQL Server Data Tools (SSDT).
- Deployed and supported standard reports, dashboards and data visualizations.

#### ***Junior Macroeconomic Analyst at Institute for Economic Reforms***

July 2008 – Sept 2008, Baku, Azerbaijan

- Monitored and prepared analytical reports of GDP growth and inflation.
- Collected and maintained data based on consumer price index.
- Developed econometrics/statistical models (various types of regression models).
- Created and presented research documents.

#### **EDUCATION:**

- Master of Science in Economics at Umeå University, Umeå, Sweden (2009- 2012).
- Bachelor of Science in Economics at Baku State University, Diploma with Distinction, Baku, Azerbaijan (2004-2008).

#### **ACTIVITIES/ACHIEVEMENTS**

- Sept 2016 and Oct 2017 attended Atlanta Code Camp.
- May 2015 passed Microsoft Certification Exam 98-361: Software Development Fundamentals
- Nov 2014 attended Go# Moscow Conference of "C#/.NET Development Efficiency", Russian Federation
- Oct 2011 - Dec 2011 completed advanced on-line course of Introduction to Artificial Intelligence, in partnership with Stanford Engineering (Statement of Accomplishment with a score of 81%)
- Sep 2010 - Jan 2011 completed advance course of Nanotechnology (grade B – "very good") and Nanodevices (grade B – "very good"), Umeå University, Sweden
- Dec 2003 attended Regional Business Plan Competition, Baku, Azerbaijan (Third Prize)
- Aug 2003 participated III Regional Ecological Tournament, Borjomi, Georgia (First Prize)

#### **ADDITIONAL LANGUAGES**

- Azerbaijani (native)
- Russian (advance)
- Turkish (intermediate)
- Swedish (basic)
